DESCRIPTION

The Princess F58 is the latest addition to the renowned F-Class series. Her exterior spaces are designed with intelligence and elegance, focusing on creating ideal conditions for relaxation and socializing.

The flybridge offers expansive space where guests can enjoy seaborne vistas and conversation in a relaxed setting. The foredeck provides ample room for gatherings or quiet evenings, making it ideal for spending time with family and friends—a feature that distinguishes the yard's larger models.

The cockpit—the yacht's true heart—flows seamlessly into the welcoming saloon and swim platform, perfectly suited for sunbathing. This area includes seating and an optional barbecue, allowing you to create your own beach club right at the water's edge.

Every corner of the F58 is designed for you to enjoy life at sea, whether it's evening cocktails with friends or quiet moments in the open air. It's the perfect choice for those who value style and comfort.

EQUIPMENT

GALLEY

- Combination microwave/convection oven with grill
- White solid material galley worktop (satin finish) 4-zone ceramic hob
- Two lockers
- Waste bin
- Top-loading storage compartment in galley corner with lid on top
- Manual roll-up blinds on windows
- Stainless steel sink with mixer tap
- Extractor fan for hob
- Full-size refrigerator/freezer (270 l)
- Drawers and cupboards for storage
- 220/240 V electrical outlets (4)
- V-groove solid wood flooring

WATER SYSTEM

- Deck filler
- Water heated from engines and by 3 kW immersion heater
- Circuit breaker on main distribution panel
- Water tanks with capacity (excluding calorifier) of 139 gal/166 US gal/630 l plus 73 l hot water calorifier
- Automatic water pump with filter
- Water level indicator

DECK EQUIPMENT

- Teak-laid transom platform, transom steps, cockpit deck, flybridge ladder and steps leading to foredeck
- Bow roller with automatic anchor deployment and retrieval. Self-stowing anchor system including galvanised Lewmar Delta anchor (32 kg) with 40 m of 9.5 mm galvanised chain
- lockers in foredeck
- Bow, stern and spring cleats in stainless steel with backing plates to protect the structure from line chafing (4 pairs)
- Deck-level LED lighting Illuminated crown logo on transom
- Anchor light
- Two electric horns Stern flag socket
- Coastal discharge fitting for holding tank
- Seating area on foredeck with mooring fender storage and drink holders (2)
- Covers for foredeck sun loungers Mooring fender storage on port side
- Reversible electric anchor windlass with control from foredeck and main helm station
- Deck hatch for chain locker access — 2
- Stainless steel hawse pipes with backing plates to prevent chafe (1 pair)
- Stainless steel railing and guardrail Foam-filled rubbing strake with stainless steel insert
- Full set of IMO navigation lights
- Remotely controlled searchlight Horn (connected to VHF)
- Fuel and water fillers (one on each side)
- Emergency hatch on foredeck
- Sunbathing area on foredeck with two fixed sun loungers with integrated storage locker and drink holders (4)

COCKPIT AND BATHING PLATFORM

- Self-draining system
- Fixed bathing platform

- U-shaped upholstered seating Folding teak dining table with drink holders (4)
- LED step edge lighting Life raft storage locker under flybridge staircase
- Lockable hatch to storage/engine room with gas struts Storage compartment for remote
- Transom locker
- Hot and cold transom shower Shore power inlet 220/240 V
- Stainless steel handrails LED overhead and deck-level lighting Built-in staircase to flybridge with teak step treads
- Line storage
- fuel valves, manual bilge pump with valve and manual controls for automatic fire extinguishers
- Two transom gates leading to the swimming platform
- Cockpit cover

LOWER HELM STATION

- Two helmsman seats at the helm station with leather upholstery and manual fore-and-aft adjustment
- 1. 16-inch colour multifunction display with GPS/chartplotter, log and depth sounder
- 3. Electro-hydraulic power steering system
- 5. High-speed magnetic compass
- 7. Trim tab controls with indicators
- 9. Remote electric windlass control
- 11. Speed and distance log
- 13. VHF with DSC R/T with intercom system
- 15. Horn button (to control two electric horns)
- 17. Audible and visual alarm for bilge pumps
- 19. Footrest
- Electric drop-down window on starboard side
- Windscreen wipers with fresh water windscreen wash
- External black mesh windscreen covers
- 24 V and 240 V electrical control panel
- USB charging points (2) (USB-A and USB-C)
- Carpet
- Instrument console with controls and engine monitoring instruments and fuel gauges • Dual-station instrument and control panel at lower helm
- 2. 9-inch multifunction display with engine monitoring instruments (including fuel level and consumption)
- 4. Adjustable steering wheel
- 6. Electronic engine controls
- 8. Bow thruster control
- 10. Autopilot
- 12. Depth sounder with alarm
- 14. Remote-controlled searchlight
- 16. Engine warning system with audible and visual alarm
- 18. Engine room fire suppression system
- Drink holders (3)
- Tempered glass screen (clear for night vision)
- Stowage compartment on port side
- Bilge pump controls with visual indication of normal pump operation
- Switches for anchor light, helm and navigation lights
- LED overhead lighting (24 V) and night lighting

FLYBRIDGE

- Dual station instruments and controls (see 'Lower helm station')

Electrohydraulic power steering system with adjustable steering wheel

- Two helm seats with manual fore-and-aft adjustment

- Engine room fire suppression system

- Stainless steel handrail around flybridge access hatch

- Compact U-shaped seating convertible to sun pad on starboard side

- Drink holders (8) Folding teak table with drink holders (4)

- Fusion MS-SRX400 audio system paired with 7.7-inch waterproof Fusion speakers

- USB-A charging points (2)

- Two whip aerials for VHF R/T and radio Console and exterior furniture covers where required

DECK SALOON

- U-shaped sofa with storage drawers (port side) Coffee table

- Crockery storage locker

- 50-inch LED TV, height-adjustable

- Manual roll-up blinds on all windows

- Stairway to lower accommodation Carpeting

DINING AREA

- L-shaped settee on starboard side Folding dining table Sliding stainless steel panelled doors leading to cockpit

- 220/240 V electrical outlet (1)

- LED overhead and concealed lighting (24 V)

- Manual blinds on door Carpeting

ACCOMMODATION

- All cabins and heads feature opening portholes

- 220/240 V and USB charging points

- Windscreens

- Audible and visual bilge pump alarm

- Observation hatch leading to aft cockpit Ladder for access to aft cockpit Stainless steel handrails

- Cool bag in navigator seat pedestal

- U-shaped upholstered seating area on starboard side

- Serving station with sink, storage, electric barbecue and waste bin

- LED deck-level lighting

- GRP radar arch

- Electric drop-down window (port side)

- Buffet unit with bottle and glass storage and refrigerator

- Fusion MS-RA770 audio system paired with Focal 100 ICW6 (2) speakers Panoramic tinted tempered glass windows on port and starboard sides

- LED overhead and concealed lighting (24 V)

- Three panels (one fixed, two sliding) with built-in tilt window at galley aft

- USB charging points (2) (USB-A and USB-C)

- Manual roll-up blinds on windows

- All cabins fitted with power outlets

- All heads fitted with freshwater electric toilets and 240 V shaver sockets

OWNER'S CABIN

- Large double berth with bedside tables and drawers below
- Hanging wardrobe with shelving and mirror
- Pull-out mirror on vanity unit washbasin counter
- Manual roll-up blinds on all windows
- Individual berth reading lights
- USB charging points (4) (2 x USB-A and 2 x USB-C)
- Twin-seat settee to port with storage locker
- Vanity unit to starboard
- Fusion Apollo MS-RA670 audio system paired with Focal 100 ICW6 speakers (2) Panoramic windows including opening portholes
- LED overhead and concealed lighting (24 V)
- 220/240 V outlets (2)
- Carpet

ENSUITE HEAD

- Thermoformed washbasin with solid surface countertop
- Shower compartment with automatic water drainage system
- LED overhead and concealed lighting (24 V)
- Mirror with medicine cabinet Storage lockers
- Window with opening porthole Manual lift blinds on windows
- Bathroom accessories (toilet paper holder, toilet brush with holder, soap dispenser, toothbrush holder and clothing hooks) Hard surface flooring

FORWARD CABIN

- Large double bed with pull-out drawers below
- Wardrobe with shelves and mirror
- Windows with opening portholes
- Deck emergency hatch
- Individual berth lights 220/240 V sockets (2)
- Half-height mirror above dresser with storage drawer behind (port side)
- Lockers
- Manual roll-up blinds on all windows
- LED overhead and concealed lighting (24 V)
- USB charging points (4) — two on each side (2 x USB-A and 2 x USB-C)
- Carpet

ADJACENT HEAD / WC

- Access from hallway/corridor and forward cabin
- Mirror with storage compartment Storage lockers
- Window with opening porthole Manual lift blinds on windows
- Thermoformed washbasin with solid surface countertop
- Shower compartment with automatic water drainage system
- LED overhead and concealed lighting (24 V)
- Bathroom accessories (toilet paper holder, toilet brush with holder, soap dispenser, toothbrush holder and clothing hooks) Hard surface flooring

GUEST CABIN STARBOARD

- Two single beds with pull-out drawers below
- Bedside table
- Wardrobe with shelves and mirror
- Lockers

- Window with opening portholes
- LED overhead and concealed lighting (24 V)
- 220/240 V socket (1)
- Carpet
- Manual roll-up blinds on windows
- Individual berth reading lights
- USB charging points (2) (USB-A and USB-C)

HALLWAYS / CORRIDORS AND PASSAGEWAYS

- Storage space for cleaning supplies and laundry equipment
- Double-height storage locker
- Under-stair storage locker
- LED overhead lighting (24V)

POWER AND PROPULSION SYSTEMS

- Propeller shafts manufactured by Marinemet
- Bow thruster (170 kgf) with dual-station control
- Power-assisted steering system
- Cathodic protection of stern tube system
- 5-blade nickel-aluminium bronze propellers
- High-speed balanced rudders
- Trim tabs with indicators
- Stern tube system, engines, fuel tank fillers, etc. all electrically bonded
- Clad bulkheads of forward and aft engine rooms and engine room interior lining, including insulation with sound-absorbing material layers
- Volumetric air intakes
- Engine exhaust silencers and water-cooled exhaust pipes
- Engine room exhaust fan with electronic delay
- Engine beds integrated into hull for strength and vibration absorption
- Shock-mounted engines
- Automatic and manual bilge pumps
- Automatic fire extinguisher with remote control
- Engine room access hatch and ladder
- Engine room lighting
- Electronic engine and gearbox control
- Fresh water point in engine room
- Dripless self-aligning shaft seals

24 VOLTS:

- 4 heavy-duty engine start batteries
- 4 heavy-duty auxiliary batteries
- Battery tie device with remote control from helm station
- Both battery banks charged via voltage-sensing relay which parallels both battery banks when charging source present
- 60 A 24 V idle charging battery charger
- Battery isolator switches with remote control on main distribution panel
- Circuit breakers in all circuits
- 12 V voltage converter for certain navigation and radar circuits
- Princess Connect telemetry and maintenance system

EUROPEAN SPECIFICATION:

- 11 kW diesel generator at 50 Hz = in their own sound shields, with water cooling and exhaust systems with special silencers, and with remote control from main control panel

USA SPECIFICATION:

- 11.5 kW diesel generator at 60 Hz = in their own sound shields, with water cooling and exhaust systems with special silencers, and with remote control from main control panel
- Automatic fire extinguisher located in the engine room. Shore power to generator changeover control operated from the main control panel
- Polarity monitoring system
- Earth leakage safety cut-out
- Circuit breakers in all circuits
- 220/240V power outlets and USB charging points in all cabins

FUEL SYSTEM

- Two fuel tanks (marine-grade NS8 alloy) with interconnection system providing 726 gal/872 US gal/3300 l capacity
- Fuel filling points on port and starboard sides
- High-performance duplex fuel filters with water separators and integrated changeover valves
- Water presence warning sensors connected to indicator lights on the main control panel
- Remote fuel shut-off controls in the cockpit locker for main engines and generators
- Fuel gauges on both helm stations (via multifunction displays)

BILGE PUMPS

- Electric bilge pumps with automatic/manual control in engine room (2), lazarette (2) and forward accommodation (total 6)
- High-capacity manual bilge pumping system with valves and suction points in the same zones

FIRE EXTINGUISHERS / FIRE SUPPRESSION SYSTEMS

- Automatic engine room fire suppression system (with manual override) and alarm system at control stations (main helm and flybridge), providing automatic shutdown of engines, generators and ventilation fans
- Automatic fire suppression system beneath main helm station
- Portable fire extinguishers (5) in owner's stateroom, forward guest stateroom, starboard guest stateroom, galley and main helm station

OTHER STANDARD EQUIPMENT

- Aft flagpole Mooring fenders (6)
- Mooring lines (4)
- Tool kit
- Boat hook
- Emergency anchor windlass handle
- First aid kit
- Bedspreads provided in all staterooms (except additional crew cabin)
- Owner's manual and engine operating manual

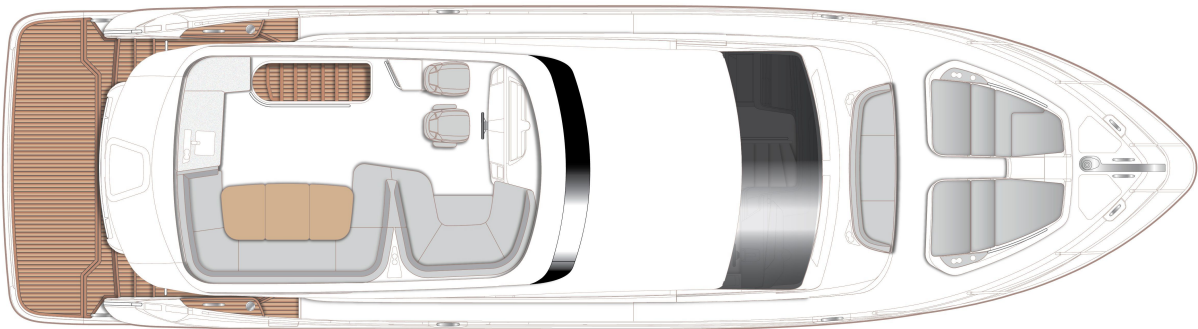

FINISHES

- Teak-laid transom platform, transom steps, cockpit deck, flybridge ladder and steps leading to foredeck
- V-groove hardwood flooring in galley

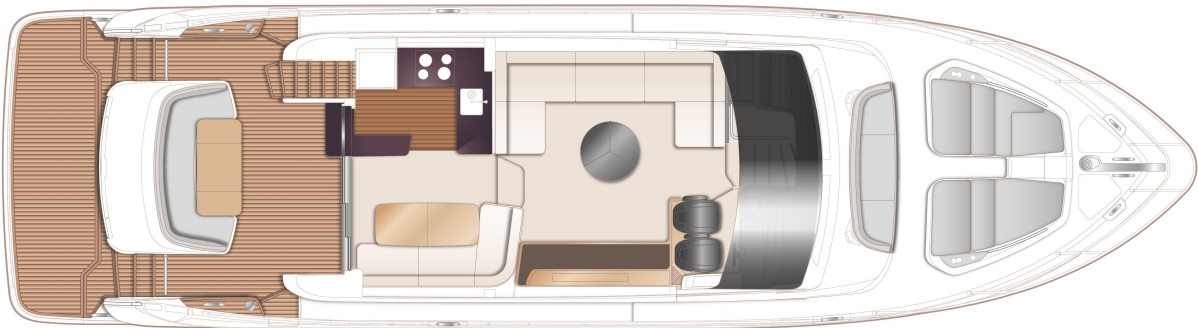

- Rovere oak furniture with satin finish as standard (silver oak or walnut with semi-gloss or gloss finish available as option)
- Solid-surface vanity tops in all ensuite heads in guest accommodation Solid-surface galley countertop
- Manual roller blinds on all windows and portholes (except porthole in crew cabin)
- Hard-surface flooring in all heads in guest accommodation
- White vinyl exterior upholstery as standard with option to upgrade to premium Comfort Exterior upholstery at additional cost
- Additional crew cabin furniture in specified marine-grade wood with carpet
