DESCRIPTION

An exclusive Princess S78, built in 2021, offered in near-new condition and carefully maintained throughout. This sportfly model harmoniously combines space, premium comfort and expressive modern design, uniting the advantages of a flybridge yacht with the dynamics and open architecture of the sport range. The main deck is thoughtfully organised: a spacious cockpit — one of the largest in its class — is ideal for relaxing, entertaining and al-fresco dining, and sliding glass doors merge the saloon with the exterior. Panoramic glazing fills the interior with natural light. Below deck are four elegantly finished cabins with individual bathrooms for up to eight guests, including a full-beam master, a forward VIP and two twin guest cabins. Separate, fully equipped crew quarters for two ensure a high level of service and privacy. Lying in Antibes, France.

EQUIPMENT

- Air conditioning/heating system with reverse cycle (186,000 BTU)
 - European standard electrical sockets 220V/240V
- Raymarine Ray 90 VHF radio with two control stations (international standard)
 - Gyrostabilization (Seakeeper 16)

- Hydraulic anchor windlass and bow thrusters 300 kgf (instead of standard)
- Combined toilet/bidet in master cabin (instead of standard toilet)
- Electric sunshade in the aft part of the cockpit (grey fabric)
- Underwater transom lighting (4 Lumishore SMX53, white light)
- Freshwater maker (190 liters/hour) with remote control and spare parts/service kit
- ONAN generator 27 kW / 50 Hz (instead of standard)
- Four multifunctional color displays Raymarine Axiom XL16 (15.6") (2 at each control station) instead of standard
- Mosquito nets on portholes
- Safety equipment kit
- Hydraulic stern thrusters 300 kgf and docking system with hold function
- Cabin on the starboard side with optional twin beds instead of the standard double
- Third control station for engines and thrusters in the cockpit
- Underwater side lighting in the aft section (4 Lumishore SMX53, white light, 2 on each side)
- Icemaker installed in the wet bar on the sports bridge
- Additional generator 22.5 kW / 50 Hz
- AIS class B transponder Raymarine 700
- Foam filler for all standard outdoor cushions
