FUEL CAPACITY	WATER CAPACITY
7000 l	1 400 l
LENGTH OVERALL	YEAR
25.50 m	2024

DESCRIPTION

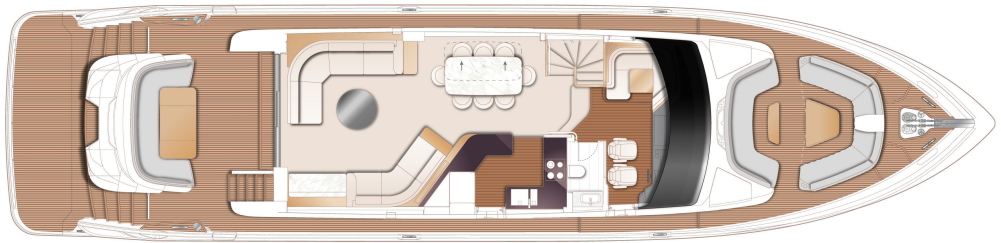

The Princess Y80 model – the newest in the Y Class lineup – was introduced in spring 2023. The shipyard considers it the perfect embodiment of balance: the Princess Y80 is as fast as its "big sister", the Princess Y85, and just as comfortable, despite its more modest size. The galley here is open and located right on the main deck, though it no longer has all the technical capabilities available on the Y85 model. This unmistakably indicates that the Princess Y80 is a family yacht. The distinctive feature of this model lies in its spatial layout. And the first thing that strikes you is that the yacht feels far more spacious inside than it appears from the outside. This is thanks to enormous windows and minimised boundaries between covered and open spaces. The lower deck of the Princess Y80 provides four cabins, each with its own bathroom and toilet.
