DESCRIPTION

The Princess Y85 is another example of a successful collaboration between the shipyard and Bernard Olesinski and the Italian design bureau Pininfarina. The Princess Y85 combines breathtaking performance for a yacht of this size with a well-thought-out layout. From 31 to 33 knots – that's the maximum speed at which you can travel on this elegant yacht. A distinctive feature of the Princess Y85 layout is the open galley on the main deck, which can be separated from the saloon by a partition at the touch of a button when needed. During the day you can cook and socialize with friends as you would in a country villa, and in the evening transform the saloon into a more intimate space. The outdoor deck areas – the dining area in the cockpit, the flybridge and the sunbathing loungers on the bow – are designed with the idea that this is where the yacht owner and guests will spend most of their time. For instance, on the bow, in addition to the ergonomic loungers, there is also a seating area – the perfect spot for watching the sunset.

EQUIPMENT

DECK EQUIPMENT

- Cleats, fairleads and handrails in stainless steel
- Two electric winches for aft mooring lines
- Telephone socket
- Fresh water anchor and deck wash system
- Teak-laid swimming platform, cockpit deck, flybridge, steps leading to side decks, and flybridge ladder, as well as foredeck walkway
- Two reversible hydraulic anchor windlasses with controls on foredeck, main helm and flybridge
- LED deck lighting
- Twin transom gates leading to swimming platform equipped with electrohydraulic lifting mechanism. Hot and cold water shower on swimming platform. Folding swimming ladder.
- Telescopic passerelle (4.4 m) with remote control and folding handrail
- Cockpit cover
- Forward relaxation and sunbathing area
- Aft mooring lights
- Door leading to crew cabin and engine room from side deck
- Two self-stowing delta anchors weighing 80 kg/176 lbs and 50 kg/110 lbs, chain length 100 m and 70 m respectively
- Lockers for lines, fenders and foredeck sunpad cushions
- U-shaped sofa with folding teak table
- Transom doors for direct access to storage room and crew quarters

FLYBRIDGE

- Console and seat covers
- Helm station with hydraulically raising console containing duplicate engine controls and navigation system with radar/chartplotter
- U-shaped seating area with folding teak table
- Sunbathing pad with integrated storage compartments (option for built-in spa available)
- Bar with sink, electric barbecue and refrigerator
- Lifteraft locker
- Two adjustable seats at helm station
- Two L-shaped sofas facing forward
- Naim audio system with waterproof speakers (2)
- Optional — davit crane (load capacity up to 550 kg)

GALLEY

- Combination microwave/convection oven with grill
- Four-burner induction hob
- Full-size refrigerator/freezer
- Door to side deck
- Lockers and drawers
- Twin stainless steel sinks with mixer tap
- Dishwasher
- Sliding screen making the galley fully enclosed

MASTER CABIN

- Large double bed with storage drawers below
- Dressing table with stool
- Shared bathroom with heated towel rails
- Wardrobe with hanging rail and drawers
- Built-in safe
- Coffee table with armchairs forward and aft

- 55-inch ultra-high-definition LED television and Naim audio system with speakers (2) and subwoofer

INTERIOR FINISH

- Wide selection of high-quality upholstery fabrics and carpets
- Choice of timber finish: matt or polished. Rovere oak as standard. Walnut or bleached oak optional
- Countertops and flooring in all guest bathrooms finished in various types of marble, granite or quartz
- Galley with countertops finished in various types of granite or quartz
- Curtains, blinds or solar films on all windows and portholes
- Timber flooring in galley and wheelhouse
- 5-blade nickel-aluminium bronze propellers
- Bow thruster (350 kgf/771 lbf)
- Electric power steering with hydraulic backup system
- Electronic engine and transmission control systems
- Sealed shaft seals
- Engine room exhaust fan with electronic delay timer

ELECTRICAL SYSTEM

- 24-volt:
- LED lighting fixtures
- 6 additional high-capacity batteries for powering yacht internal systems
- Main battery remote switches and control switch on main panel
- 2 heavy-duty engine start batteries
- Two 60 A battery chargers charging both battery banks through automatic charging system

FUEL SYSTEM

- Fuel filler caps port and starboard
- High-efficiency duplex fuel filters/water separators with audio and visual contamination alarm system
- Valves in cockpit locker for remote fuel shut-off
- Two fuel tanks (NS8 marine alloy) with cross-connection system, capacity — 2420 gallons/ 2907 US gallons/ 11000 litres

WATER SYSTEM

- Water level gauge
- 285 gallons/ 342 US gallons/ 1295 litres, plus engine-heated calorifier 45 gallons/ 54 US gallons/ 205 litres and 240 V immersion heater
- Freshwater electric toilet flush with 132-gallon / 158 US gallon / 600-litre tank

BILGE PUMPS

- High-capacity manual bilge pump with valve system and discharge points coinciding with automatic pump discharge points
- Automatic electric bilge pumps

OTHER ITEMS SUPPLIED AS STANDARD

- Aft flagpole
- First aid kit
- Vessel documentation package
- Set of cutlery, crockery and glassware (8)

- Set of towels (8 large, 8 small)

- Fenders (8) and mooring lines (4)

WHEELHOUSE

- U-shaped seating with table to port
- Automatic siren with loudspeaker
- Red night lighting
- Full engine instrumentation including high exhaust temperature alarm system, water-in-fuel alarm system and helm position indicator
- Controls for bow thruster, windscreen wipers, bilge pumps, anchor windlass and stern trim tabs (with indicators)
- Chart stowage compartment
- L-shaped seating area with two-seater sofa and coffee table
- Drinks cabinet with bottle and glass storage and refrigerator
- Day head
- Sliding door from wheelhouse to side deck with electrically operated drop-down window to port
- 24 V and 240 V electrical system control panel
- Two electrically adjustable seats for helmsman
- Navigation system with radar, GPS and chartplotter (2 displays), VHF R/T, log displaying speed and distance travelled, depth sounder with warning system, autopilot and quick-response magnetic compass
- Intercom system for communication with flybridge
- Toughened windscreen (untinted for improved visibility in darkness)

SALOON

- Entertainment centre including ultra-high-definition LED television with 55-inch screen and electric lift/lower mechanism and Naim audio system with ceiling speakers (4)
- Dining area (seating for 8) with full-height panoramic glazing

FORWARD CABIN

- Large double bed with storage drawers below
- Dressing table with stool
- Naim audio system with CD/DVD player and ceiling speakers (2)
- Separate wardrobe with shelving
- Head and shower

GUEST CABIN STARBOARD

- Two single beds with under-bed storage (with electric conversion option to double bed)
- Wardrobe with shelves
- Hanging lockers
- Bedside table with drawer
- Head and shower

GUEST STATEROOM PORT SIDE

- Wardrobe with shelves
- Large double bed with storage drawers below
- Hanging lockers
- Head and shower
- Dressing table with stool
- Bedside tables with drawers

LOWER DECK UTILITY SPACES

- Utility room fitted with full-height crockery cupboard and provision for additional washer/dryer

CREW ACCOMMODATION

- Captain's cabin with single bed, wardrobe and storage drawers
- Bathroom with separate shower enclosure, freshwater electric flush toilet and washbasin
- Engine room access
- Crew cabin with two single beds, wardrobe and storage drawers
- Crew mess with sink, refrigerator, microwave and washing machine with separate dryer

AMENITIES

- All cabins and bathrooms fitted with opening portholes and air conditioning
- Spring mattresses fitted throughout
- All cabins fitted with 220/240 V sockets
- All bathrooms fitted with shower enclosures, freshwater electric flush toilets, extractor fans and 240 V razor sockets

220/240:

- 27 kW diesel generator with dedicated sound insulation and water-cooled exhaust system with silencer
- Ground fault protection, reverse polarity protection system, all circuits protected by circuit breakers
- Shore power inlets 2 x 63A
- Electrical outlets in all compartments

AIR CONDITIONING SYSTEM

- Reverse-cycle air conditioning throughout all accommodation areas, providing cooling and heating, total capacity 204,000 BTU, integrated with windscreen demisting system. Suitable for tropical operation (40°C)

FIRE EXTINGUISHERS

- Automatic fire extinguishers in engine room with priority manual override and alarm at both helm stations; engine ventilation system
- Portable fire extinguishers in all cabins, galley, crew quarters and lower helm station
