DESCRIPTION

This yacht shares much in common with the Princess X95, but distinguishes itself with more elegant architectural styling. If the X95 can be compared to a versatile SUV, then the Y95 is more like an SUV created by a marque specializing in supercars. The model handles confidently at sea even in rough weather. As for the interior, the key defining feature of the Princess Y95 is multifunctionality. The transformable swim platform can be configured as a "beach club" – just like on a superyacht. The future owner can customize the layout of communal areas and cabins within the existing floor plan. The Princess Y95 also shares its layout with superyachts: the master cabin is located in the forward section of the main deck and is so spacious that, in addition to the bedroom, bathroom and wardrobe, there is room for a lounge area with a sofa.

EQUIPMENT

DECK EQUIPMENT

- Cleats, fairleads and handrails in stainless steel
- Cockpit cover
- Two self-stowing galvanized anchors weighing 125 kg/275 lbs with 100-metre chain (each)
- Two electric winches for aft mooring lines
- Lockers for lines, fenders and sunbed cushions
- Fresh water anchor and deck wash system
- Door leading to crew cabin and engine room from side deck
- Telescopic passerelle (5 m) with remote control and folding handrail
- Reversible hydraulic anchor windlass with controls at two stations
- Deck-level lights
- Teak-clad swimming platform and ladder, cockpit deck, flybridge, flybridge stairs, side deck sections and foredeck walkway
- Anchor lockers with automatic release and retrieval mechanism
- Forward relaxation and sunbathing area
- Aft mooring lights
- U-shaped sofa with teak dining table
- Transom doors for direct garage access with electrohydraulic door and manual jet ski launch system (3.05 m length)
- Aft mooring control station
- Twin transom gates providing access to bathing platform with electrohydraulic mechanism. Folding swimming ladder. Hot and cold water shower

ADDITIONAL EQUIPMENT

- All cabins fitted with 220/240 V sockets
- All cabins and bathrooms fitted with opening portholes and air conditioning
- Spring mattresses fitted throughout
- All bathrooms fitted with shower enclosures, freshwater electric flush toilets, extractor fans and 240 V razor sockets

MASTER CABIN

- Large double bed with storage drawers below
- Dressing table with stool
- 55-inch 4K Ultra HD LED television, DVD/Blu-ray player and Naim audio system
- Wardrobes
- Refrigerator
- Wardrobe with hanging rail and drawers
- Built-in safe
- Shared bathroom with heated towel rails
- Sofa with coffee table to starboard

INTERIOR FINISH

- Wide selection of high-quality upholstery fabrics and carpets
- Curtains, blinds or solar films on all windows and portholes
- Choice of satin wood finish: rovere oak or limed oak. Walnut or silver oak optional
- Engineered stone worktops in all guest bathrooms
- Galley with countertops finished in various types of granite or quartz
- Wooden flooring in galley and wheelhouse
- Marble, granite or quartz flooring in all guest bathrooms

PROPULSION

- Electric power steering with hydraulic backup system
- 5-blade nickel-aluminium bronze propellers
- Sealed shaft seals
- Engine room exhaust fan with electronic delay timer
- Electronic engine and transmission control systems
- Bow thruster

ELECTRICAL SYSTEM

- 24-volt:
- LED lighting fixtures
- Battery connection system with remote control at helm position
- Main battery remote switches and control switch on main panel
- 4 heavy-duty batteries for engine starting
- 6 additional high-capacity batteries for powering yacht internal systems
- Two 100 A battery chargers charging both battery sets through automatic charging system

FUEL SYSTEM

- Fuel filler caps port and starboard
- Valves in cockpit locker for remote fuel shut-off
- High-efficiency duplex fuel filters/water separators with audio and visual contamination alarm system
- Main fuel tank (marine-grade NS8 alloy) capacity 2,948 gallons / 3,540 US gallons / 13,400 litres

WATER SYSTEM

- Water level gauge
- Electric freshwater flush toilets with 720-litre tank
- Water tank capacity 351 gallons / 421 US gallons / 1,595 litres and calorifier capacity 45 gallons / 54 US gallons / 205 litres

BILGE PUMPS

- High-capacity manual bilge pump with valve system and discharge points coinciding with automatic pump discharge points
- Automatic/manual bilge pumps
